## PLANT AMERICA —

*A Program For Every Community*

# ROSE BUSHES

Prices are "per variety", regardless of total number of bushes of all varieties on your order; e.g.: booking 20 American Beauty No. 1 in order totalling 500 roses, to be divided in equal parts for fall and spring delivery, earns the 20 rate.

## NUT TREES

### Arp's Grafted Papershell Pecans

(Please Order in Multiples of 10)

#### MAHAN

A giant, early-bearing pecan with thin shell. The nut is the largest and the shell the thinnest of all pecans we have tested. Sometimes trees begin to bear when only 4 to 5 feet tall and two years old.

#### SUCCESS

Large, oblong nuts with thin shells and partitions. Kernels large, full, yellow; flavor sweet and quality very good. The tree is a strong grower and a regular and heavy bearer.

#### MOORE

Fast growing, early maturing medium size nut, very thin shell. Excellent producer in East Texas.

#### DELMAS

Nuts large, shell moderately thin, kernel plump, heavy bearer. Tree is vigorous with beautiful foliage.

#### BURKETT

One of the favorites of West Texas, trees very healthy and regular bearers, medium size nuts, well filled and good flavor.

#### MONEYMAKER

A medium-sized nut with medium shell, well filled with a rich meat. Cracks easily. The tree is an upright grower with dark green foliage. An early and prolific bearer.

#### SCHLEY

Nuts long, medium to large in size, with very thin shell. Kernel full and plump, with rich, nutty flavor. The tree is a thrifty, vigorous grower.

#### STUART

A large, strong tree with a fine head. Nuts large, of good quality, with medium thin shell. It stands the cold better than most varieties and can therefore be grown farther north than many.

#### TEXAS PROLIFIC

Nuts large, shell of medium thickness, kernel plump, rich and sweet. It is a heavy and early producer; trees healthy and fast growers.

#### WESTERN SCHLEY

Large, long fruit, suitable in higher and drier localities than Eastern Schley.

OFFICIAL STATE TREE OF TEXAS — Plan a 1952 Arbor Day planting in your community.

## PLANT PATENT NOTICE

The following provisions apply to all patented and trade-marked plants we sell. Each of the plants so indicated is a patented variety under the laws of the United States and any asexual reproduction or distribution by sale, gift or otherwise of scions, buds or cuttings therefrom for such reproduction without license from the patent owners constitutes an infringement of the patent for same. Any unauthorized reproduction, sale or other distribution of reproducing propagating material of these roses prohibited by the patents, under the names and/or trade-marks of the patent owner or any other name or names, will subject the reproducer, seller, or distributors thereof to prosecution for infringement under the United States Patent and Trade-Mark Laws.
